

2018 AMERICAN INSTITUTIONAL CONFIDENCE POLL

THE HEALTH OF
AMERICAN DEMOCRACY
IN AN ERA OF HYPER
POLARIZATION

FULL DATASET

This document contains instructions to access the dataset and open-ended responses to the 2018 American Institutional Confidence Poll.

Access to quantitative data

The following links contain the dataset of the closed-ended responses to the 2018 American Institutional Confidence Poll in comma delimited, Excel and Stata formats, as well as the codebook:

- **Dataset in Excel (.xlsx)**
- **Dataset in Stata (.dta)**
- **Dataset in comma delimited format (.csv)**
- **Dataset codebook (.txt)**

Access to qualitative data

The verbatim text of the open-ended responses is available to researchers who submit a data security plan that is approved by their institution's Institutional Review Board and a statement describing the goals of their research project. To apply to use the verbatim open-ended data, please contact Jonathan Ladd at jonathan.ladd@georgetown.edu.
